### Message for Easter – Rolling stones away

On Easter Sunday morning the women on the way to the tomb had been wondering who would roll away the stone for them? But when they arrived at the tomb, they discovered the stone rolled back and Jesus had risen.

The challenge now is to live with the stone rolled away.

Stones are rolled back in our world when:

*We help fight human trafficking by our prayers and actions,  
work for a more equitable distribution of the world's resources.*

*When we commit ourselves to work for ecological and social justice  
and bring to life another's sense of worth and wonder.*

The 65th Session of the Commission of the Status of Women was held recently in the United Nations.

Rita Minehan csb and a member of the Solas Bhríde Team, made a brief presentation on her work with APT /AMRI (Act to Prevent Human Trafficking) at the NGO CSW 65 Forum.

This year's priority theme is "Women's full and effective participation and decision-making in public life, as well as the elimination of violence, for achieving gender equality and the empowerment of women and girls."

The NGO CSW Forum ran parallel to the official session taking place at the UN Headquarters.
